

Affordable high performance printing for workgroups

Black and white power printing

Speed, dependability, competitive cost

If you are in need of high quality black and white laser printing, the SP 4100_{NL} is your answer. Whatever your printing needs, this workhorse can handle them fast. Every month, it can print up to 100,000 pages at speeds of up to 31 pages per minute. Equipped with a 400 MHz CPU controller, this printer easily handles your demanding workload. The SP 4100_{NL} is a productive network printer that offers dependability, superior paper handling and a low cost of ownership. It is ideal for small companies and workgroups at larger companies.

- 31 pages per minute.
- Up to 100,000 pages per month.
- Low Total Cost of Ownership (TCO).

Ease of use

The SP 4100_{NL} is extremely easy to use and maintain. Once an option is installed, the printer driver detects it automatically. The remote monitoring function continuously shows the machine status on all user desktops. For easy operation, Nashuatec has developed a printer driver with a unique one click printing interface, also known as RPCS™. Customer-specific settings can be saved under dedicated icons and only need to be selected once.

- Easy to use.
- Unique one click printing.
- Custom paper settings.

Quality and innovation

Every year, Nashuatec invests in research & development, keeping us at the forefront of innovation. Few corporations have ever won the esteemed Deming Award for Quality Control. Nashuatec is the only office equipment manufacturer that has won twice. We strive for quality in everything we do. This is evident in products like the SP 4100_{NL}. Its clean and quiet operation adds to a comfortable work environment while its low power consumption contributes to a safe environment at large.

Minimise your power consumption:
less than 6.5 W in energy saver mode.

Value from a trusted name

The SP 4100_{NL} has been designed with customer value in mind. This printer offers features you would typically expect from a high end device for only a fraction of the price. With the energy saver mode, it is easy to minimise power consumption to less than 6.5 W. This reduces the Total Cost of Ownership. Moreover, Nashuatec printers are built to last. As a leading global manufacturer of office solutions, Nashuatec guarantees the excellent quality of its Aficio™ products while offering you the benefits of the most extensive service network in the industry.

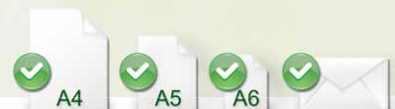

- High value features.
- Competitive purchase price.
- Reduced operation costs.

Exceptional media handling

The SP 4100_{NL} can print on a wide range of media. The standard and optional trays handle various sizes up to A4 with weights up to 130 g/m². With the bypass tray, you can print on media up to 162 g/m². Thanks to an intelligent paper pass, all printing is fast and dependable. A dedicated envelope mode enables envelope printing. Automatic double-sided printing is available as an option.

- Wide range of media types.
- Intelligent paper pass.
- Dedicated envelope mode.
