

The Nashuatec SC560dc high-volume scanner is ideal for paper intensive organizations wishing to streamline their business workflow by capturing and managing documents digitally.

This fast, colour capable A3 scanner has the power to effortlessly digitize large quantities of single and double-sided documents in multiple formats, reducing storage space and improving document access. Digitized documents can be distributed quickly and cost-effectively across your network, saving time and improving productivity.

This rapid digital conversion accelerates document processes and assists security conscious organizations looking to comply with the latest data protection legislation.

Nashuatec's unique approach, links people with knowledge and expertise, combining our wide experience of innovative, document related Products and Software Solutions with our world class Business and Professional Services to deliver the best Total Document Solutions for your business.

SC560dc

**DIGITIZE HIGH-VOLUMES OF
DOCUMENTS WITH COLOUR
CAPABLE SCANNING**

Powerful document capture for all management systems

Reliable, high-volume scanning

The Nashuatec SC560dc provides a fast and easy way to improve business efficiency by converting large volumes of documents into easily managed digital images. It can reliably scan single and double-sided documents at an impressive speed, accelerating document capture and management processes.

High-speed, colour-capable digitization

Scanning in black and white at a rapid 70 pages per minute (ppm) single-sided and 116 images per minute (ipm) double-sided, the Nashuatec SC560dc quickly digitizes all documents, whatever their format. Even colour documents are captured quickly at 38ppm single-sided and 60ipm double-sided, true to original quality.

Fast distribution across your network

The network option provides powerful document distribution facilities, including Scan-to-Email and Scan-to-Folder to enable a faster, more streamlined means of distribution. By scanning documents directly to email addresses or network folders they become instantly available

Rapid double-sided scanning of both colour and black and white documents

Scan-to-Email and Scan-to-Folder provide faster, more streamlined methods of distribution

to authorized users across your organization, speeding up business processes and improving productivity.

Safeguard and protect your information

Scanning converts your documents into robust digital files that will not degrade and are easier to archive and retrieve. They can be instantly protected by the same high security that you apply to your network, which aids compliance with current data protection legislation.

Outstanding Software and Services

Designed to add value, our superb range of Software Solutions and Services will improve productivity, workflow efficiency and cost control across your business.

Aficio™

The Nashuatec SC560dc bears the Aficio Symbol – your sign of digital technology, innovation and customer support in action.

SPECIFICATIONS

SC560dc

General

Scanner type

A3 flatbed duplex colour scanner with ADF

Resolution

Optical: 400 x 400dpi
Output: 100/200/300/400/600dpi (75 – 800dpi/1dpi steps)

Bit depth

24 bits/pixel

Scanning speed

Black and white: 70ppm (116ipm)¹
Full colour: 38ppm (60ipm)¹

Original size

ADF: Minimum: 69 x 90mm
Maximum: 305 x 2,000mm
Platen cover: Minimum: 5 x 5mm
Maximum: 305 x 432mm

ADF capacity

200 sheets (A4, 64g/m²)

ADF document weight

40 – 157g/m²

Zoom

25 – 400% (in 1% steps)³

Warm up time

Less than 20 seconds (4 seconds from energy saver mode)

Dimensions (W x D x H)

490 x 695 x 332mm

Weight

Less than 34kg

Power source

220 – 240V, 50/60Hz

Power consumption

Maximum: Less than 180W
Energy saver mode: Less than 11W

Options

- Imaging Processing Unit
- Endorser
- FireWire (IEEE1394)²
- Network Scanning Unit Type A (Ethernet 10 base-T/100 base-TX)³

¹A4, Portrait, 200dpi.

²Not to be used in combination with the USB2.0 interface card.

³When the optional Network Scanning Unit Type A is installed.

Company management systems applied during the manufacturing of all Nashuatec products conform to ISO9001 quality and ISO14001 environmental management standards.

As an ENERGY STAR Program Participant, Nashuatec has determined that this product meets the ENERGY STAR guidelines for energy efficiency.
